

Put your fingers to work! Machining is where technology meets production. As a CNC Machinist you'll learn how to input code on machining tools such as lathes, multi-axis spindles, milling machines and plasma cutters to cut and shape precision products, such as automobile, aviation and machine parts. Whether you're producing large quantities of one part or small batches or one-of-a-kind items, this career is custom made!

How You'll Learn Hands-On

Get out of the classroom and into the real world with projects such as:

- Transforming raw materials into parts
- Writing programs to create prototypes of products designed by students in Pre-Engineering and Computer Aided Drafting

Where it Can Take You

Use the skills you'll learn in this program to find a career you'll love. Possibilities include:

- Master Machinist
- Mechanical Engineer Machinist
- Plant Manager
- Engineer

What You'll Learn

Course	Hours
Orientation to Machining	30
Machine Tool Theory	45
Print Reading for Machining	45
Precision Measurement	45
Metal Preparation for Processing	45
Precision Grinding	75
Engine Lathe Operations	75

Milling Operations	75
Computer Numerical Control Operations	60
Computer Numerical Control Programming	60
Introduction to Quality Control	60
CNC Production Applications	60
CNC Milling Production Applications	90
Workforce Staging	30
CNC Lathe Operations	90
CNC Milling Operations	90
Total	975

Career Readiness Certificate

[WorkKeys®](#), an assessment tool from the ACT® organization, measures skills employers have identified as critical to job success in their industry and are used in hiring and promoting employees. Students are able to earn the ACT®-issued [National Career Readiness Certificate](#) by meeting the score requirements for their job field on three WorkKeys® assessments.

Matching the right employees with the right job creates employee job satisfaction, increased self-confidence and the best wages possible for the employee. The employer benefits with reduced turnover and training, increased productivity and overall company success. To learn about the WorkKeys® scores needed for your future career field visit [Job Profiles](#).

The required WorkKeys scores for this career major are:

Applied Math - 3

Workplace Documents - 3

Graphic Literacy - 3

Graduation Requirements

In order to be successful in a career, students will need to meet all technical and academic standards related to their career of choice at Meridian. Meridian offers rigorous programs of study designed in cooperation with business and industry to ensure students are fully

prepared for the demands of the workplace.

Meridian's Career Ready Credential

When a student completes all standards as set forth in their program of study, they will be considered a graduate of Meridian and receive the Career Ready Credential. Students who do not meet these standards will not be considered graduates of Meridian. Students should have:

- Completed all courses in a career major with a grade of "C" or above and achieved required industry-based certifications for the career major
- Achieved WorkKeys® scores at or above the level required for the career major or earned an ACT® composite score of 19 or greater (Students may substitute equivalent scores on SAT, ACCUPLACER or other approved assessments.)

Additional Endorsements

Students earning a Career Ready Credential may also earn the Postsecondary Ready Endorsement, Citizenship Ready Endorsement and the National Career Readiness Certificate (CRC).

Postsecondary Ready Endorsement

- Earned, or was on track to earn, a high school diploma or GED at the time of Meridian graduation
- Achieved a subscore of 19 or greater on the ACT® in math, English, reading and science (Students may substitute equivalent scores on SAT, ACCUPLACER or other approved assessments.)

Citizenship Ready Endorsement

- Completed employment profile, résumé, job application, cover letter, mock interview and job search training through OKJobMatch.com
- Documented active membership in a [CareerTech Student Organization](#) or professional association related to the program of study
- Documented 20 hours of volunteerism or service in a community activity

National Career Readiness Certificate (CRC)

- Completed WorkKeys® assessments in Applied Math, Graphic Literacy and Workplace

Documents and received a silver, gold or platinum National [Career Readiness Certificate](#) through the Oklahoma Department of Career and Technology Education.
